Dear People:

Whereas dealings with your office for my pending patent applications numbered

11/587,263 - "Method for Maintaining Geometry of Ballasted Railroad Track"
and
(10/553,889) "Use of K-spiral, Bend, Jog, and Wiggle Shapes in Design of
Railroad Track Turnouts and Crossovers"

have till now been handled by the Law Office of Gary M. Cohen, who has done an excellent job, I find that I need to terminate representation by Mr. Cohen so that I can respond personally to your recent Office Actions on these applications. Please record this change of representation.

Yours truly,

Louis T Klauder Jr
